

Product Name **Wind blade nesting**

| | |
|-------------------------------|---|
| Primary material | EPDM/SR |
| Specifications | Customised services |
| Performance indicators | Environmental standards: Compliant with RoHS 2.0, REACH, PAHs, POPs, TSCA, PFAS and other requirements Noise reduction: High-frequency noise reduced by 3–5 dB Service life: ≥ 3 years under normal operating conditions / ≥ 5000 hours of operation without performance degradation Acid and alkali resistance: Stable performance during prolonged use under pH 2–12 conditions Operating temperature range: -30°C to 120°C |
| Product Features | Heat-resistant, oil-resistant, fatigue-resistant, vibration suppression, significant noise reduction |
| Fields of application | Air conditioning fan blades, industrial cooling equipment, domestic and commercial fan blades, etc. |
| Customised Services | Dimensions, materials and colours can be customised to meet customer requirements. |
