

Product Parameters

Inkjet Printer IPS-C210

Temperature/Humidity Range	5-45° C (0-90 per cent relative humidity, no icing)	Line speed	Up to 280 meters per minute for single line printing
Electrical requirements	Power supply 200-240VAC, 50/60Hz, 120W	Character Height	Selectable from 2-18mm depending on the font size
Weight	Net weight 19KG	Machine size	365mmx275mmx530mm
Printing Distance	Optimum printing distance 10mm, range: 5mm-15mm	Keyboard	Standard keyboard with numeric, alphabetic and special
Display	320X240 white on black, 5.7LCD display	Tube Length	2800mm, diameter 21mm
Printhead	42mm diameter, 264mm length	Smart Ink Solvent	Cartridge 750ml
Dot Matrix	32	lines	Up to five lines of printing
Operator Interface Language	Chinese and English	Information Editing Language	Chinese and English
Grapheme Matrix	English: 5X5, 5X7, 7X9, 9X11, 12X16, 18X24, 24X32		
	Chinese: 8X7, 9X9, 11X11, 16X16, 24X24		
Other Features	Continuous round-trip printing function; automatic metre counting; automatic nozzle cleaning when switching on and off; support for on-site data transmission; password protection system; first and second level Chinese character libraries; QR/DM two-dimensional code function; computer to do the drawing, USB copying
